The perfect partnership

Škoda and Government Commercial Agency Framework

Whether front-line service delivery, central government and local authorities or not-for-profit organisations, our place on the Government Commercial Agency (GCA) Vehicle Purchase Framework means we have a proud history of supporting the public sector.

Choose from a range of award-winning vehicles to suit your unique needs.

With a range of vehicles including small cars, hatchbacks, estates and SUVs, we have models to suit all applications.

Whether fire and rescue, police or ambulance and bespoke blue-light conversions, we can meet the most challenging requirements.

Supporting your electrification, with an ever-growing all-electric and plug-in hybrid line-up.

Petrol cars

Whichever petrol model you choose, with plenty of premium features, every Škoda is advanced as standard, meaning your business and drivers enjoy even greater value.
