TAKING CARE OF YOUR ŠKODA

ŠKODA servicing and maintenance is designed to keep your car working as well as the day you first sat behind the wheel. So whether you've just bought a new ŠKODA, or you've been a proud owner for a few years, we have a plan to suit you. And what's more, you could save up to 12%* on your servicing costs by buying in advance.

ŠKODA by name, ŠKODA by nature

We don't just put our name to anything, which is why all ŠKODA servicing is carried out by ŠKODA-trained technicians, using only ŠKODA Genuine Parts that come with a two-year warranty.

And because you'll find specialist technicians at all our retailers, your service can be completed at any one of them.

Every visit will be formally logged, whether that be a ŠKODA stamp in your service book or, for newer vehicles, a record in your online service book. This may seem like a small gesture, but it actually makes your car more attractive to future buyers.

Best of all, if you do decide to part with your ŠKODA, your service plan can easily be transferred to the new owner.

GOING THE EXTRA MILE...

ŠKODA servicing has its perks

Choose your preferred retailer, service, date and time, through our quick and easy online booking service

From courtesy cars to collection and delivery, we'll make sure servicing doesn't put your life on hold

Taking care of your car inside and out means we'll always give it a wash and vac before handing back the keys

We'll even send you a video of our technician carrying out a free health check, for extra peace of mind

*According to our Online Service Booking Data, 89% of the network advertise first service at £179 and second service at £249, meaning a combined cost of £428.

Compared to £428, the price of a ŠKODA New car Service Plan (under 1 year) at £396, represents a saving of 7%.

If purchased separately, an oil and inspection service is advertised at £184, pollen filter at £35 and an extended scope inspection at £59, meaning a combined cost of £462 (as a Service plan includes 2 oil and inspection services, 1 pollen filter change and 1 extended scope inspection). A ŠKODA Service plan for a vehicle over 1 year old is £405, representing a saving of 12.3%.
