England's motorways are changing

Controlled motorway

Uses variable mandatory speed limits (VMSL) on a motorway with a hard shoulder.

Hard shoulder running

During peak times the hard shoulder will be open to traffic as a running lane.

All lane running

There is no hard shoulder on these sections of motorway. Obey variable speed limits and red X signals, and do not stop on the motorway. If you need to stop in an emergency, use an emergency area, motorway service area or leave at the next junction.

We use technology to monitor and manage the flow of traffic. The technology is controlled from regional operations centres which can activate and change signs and variable speed limits, and deploy our Highways England traffic officers to incidents if they occur.

These technology-enabled sections of motorways have enhancements such as electronic message

signs that display red X signals and variable speed limits; sensors to monitor traffic volumes; CCTV cameras and emergency areas, with emergency roadside telephones. All these enhancements help keep the traffic flowing so that you have a safer, more reliable journey.

For more road safety information visit: highwaysengland.co.uk/motorways

Speed limit signs

Speed limits will vary. Speed limits will be applied at times of congestion, to prevent stop start conditions. Signs above the carriageway will advise the current speed limit. If no speed limit is shown the national speed limit applies.

Emergency areas

Drivers who breakdown should try to drive to the nearest emergency area or if a breakdown occurs in a live lane we set signs and signals on the overhead gantry until assistance can reach the driver.

A red X symbol on a gantry sign over the

A red **X** symbol on a gantry sign **or** at the side of the motorway

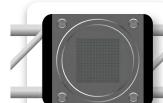

Red X

We use a red **X** signal to show that a lane is closed, to protect drivers in difficulty or when road workers and emergency services need a safe space to work. It's illegal and dangerous to drive in a red **X** lane. If you're caught, you could receive a fixed penalty of up to £100 and three points, and in some cases more severe penalties or a court appearance.

Electronic Signals

Blank signal

This is applicable to all lanes, including the hard shoulder, where it is used as a running lane, and means that normal motorway rules apply. The hard shoulder is only for use in case of an emergency or breakdown.

Speed limit

This is applicable to all lanes, including the hard shoulder when in use, and means that this is the maximum permitted speed. The speed will be enforced by digital enforcement cameras.

Arrow with flashing beacons

This is applicable to all lanes, including the hard shoulder, and means that you should move into the lane as directed.

Red cross with flashing beacons

This is applicable to all lanes, including the hard shoulder, and means that you must not proceed any further in this lane.

Red cross without flashing beacons

This is applicable to the hard shoulder only and means that you should only use the hard shoulder in an emergency or breakdown, as per the Highway Code.

National speed limit

This is applicable to all lanes, including the hard shoulder where used as a running lane, and means that national speed limits apply.

Please note: the above table has been read in conjunction with the AA Touring Tips for the relevant country. The table is not a comprehensive list and for further information, please visit www.theaa.com/driving-advice/driving-abroad and the respective AA Touring Tips and Winter Requirement pages. Items highlighted above can be purchased from the AA Travel Shop – the one stop shop for all your motoring accessories.

Guide to table:

- 1. Minimum age at which a visitor may drive a car.
- UK driving licences which do not incorporate photograph are recognised but, drivers must be able to produce photographic proof of identity (e.g. passport).
- All valid UK licences should be accepted. However, the acceptance of the older 'all green' style UK licences cannot be guaranteed. Drivers may wish to voluntarily update them before travelling abroad, if time permits. Alternatively, older licences may be accompanied by an IDP.
- Before taking a vehicle abroad contact your motor insurer or broker to notify them of your intentions, and ask their advice. It is important to know what level of cover you will have and what documents you need to prove it
- 5. GB Stickers are compulsory within the EU unless your UK registration plates display the GB Euro-symbol (Euro-plates) which became a legal option from 21 March 2001. The Euro-plate must comply with the new British Standard (BS AU 145d). The Euro-plate is only legally recognised in the EU; it is still a requirement to display a GB sticker when travelling outside the EU.
- 6. Not required for two-wheeled vehicles.

- Although not compulsory for visiting motorists to carry a warning triangle, its use is compulsory in an accident/breakdown situation.
- Spain: one warning triangle compulsory for non-Spanish registered vehicles; two for Spanish registered vehicles. Note: drivers of non-Spanish registered vehicles should consider carrying two triangles as, regardless of regulations, local officials may impose an on-the-spot fine if only one is available.
 - Croatia: two triangles compulsory for vehicles towing a trailer.
 Switzerland: warning triangle must be kept within easy reach (not in the boot).
- The use of hazard warning lights or a warning triangle is compulsory in an accident/breakdown situation. However, a warning triangle should always be carried as hazard-warning lights have no effect at bends or rises in the road, or may become damaged or inoperative.
- 10. Wearing, compulsory if driver and/or passenger(s) exits vehicle immobilised on carriageway, in Italy at night or in poor visibility, in Spain on all motorways and busy roads, it must be kept within the vehicle. In Croatia the wearing is compulsory whenever you have to get out of the vehicle at the roadside in an emergency. In Portugal and Norway the actual law applies to residents; however, regardless of the

regulations local officials may impose an on-the-spot fine. In **Belgium** the wearing of the reflective jacket only applies to the driver, it must be worn should you be stranded on a Belgian motorway or on a major road or should you stop at a place where parking is not allowed. In **France** drivers must have one warning triangle and one reflective jacket in their vehicle.

- In Austria the regulation applies only to the driver. 11. The legal requirement is to 'not dazzle oncoming drivers' rather than specifically to adjust/convert the headlight beam pattern. Without adjustment the dipped beam will dazzle oncoming drivers and this could result in a fine. Headlight beam converter kits are widely available but may not be suitable for all types of headlights. The AA shop sells beam converters suitable for all vehicles and individual fitting diagrams are included for the latest 'clear glass', 'projector and xenon' headlights inside the packaging. In some countries it is compulsory to use dipped headlights at all times when driving during the day. Note: this adjustment is not required for two-wheeled vehicles as the beam pattern is more symmetrical but check that any extra loading has not affected the beam height. On some cars it is inadvisable or impossible for anyone other than a qualified technician to change a headlight bulb unit e.g. high intensity discharge (HID) headlights and carrying spares is not an option. However, it is recommended that spare bulbs are carried for any lights that may be easily and/or safely replaced by the owner/driver. Spare bulbs are compulsory for Croatia
- 12. Sweden: police are not authorised to actually collect fines, which must be paid in accordance with notice instructions. Italy: police will collect a quarter of the maximum fine amount from drivers of foreign registered vehicles. Ireland: police are not authorised to actually

- collect fines, they will issue a notice which must be paid within 28 days. **Croatia**: the fine does not have to be paid on-the-spot; however it does need to be paid within eight days. **Portugal**: some traffic police carry ATMs
- 13. **Portugal**: visiting drivers of 17 years of age may encounter problems even though they hold a valid driving licence in the UK.
- 14. Outside built up areas, during snow or rain causing poor visibility.
- 15. Compulsory during daylight hours if the visibility is poor. For France the use of dipped headlights are recommended throughout the year, for Croatia during daylight hours from the last Sunday in October to the last Sunday in March.
- 16. Recommended as their carriage is compulsory for vehicles registered in that country.
- 17. Many countries now stipulate that GPS based navigation systems which have maps indicating the location of fixed speed cameras must have the 'fixed speed camera Pol (Point of interest)' function deactivated, please check individual touring tips.
- 18. In order to use some motorways in **Portugal**, a temporary electronic toll device (DEM) or the pre-payment of tolls is required.
- 19. Recommended for two-wheeled vehicles.
- 20. In principle all drivers should possess a breathalyser, however, as of 25 January 2013 a driver can not be penalised for not carrying one the possibility of imposing a fine has been postponed indefinitely. The breathalyser has to be a certified by the French authorities, showing an 'NF' number. The official text states that one unused breathalyser should be produced. We recommend that two single-use breathalysers are carried, so if one is used or damaged you will still have a replacement to produce.

Recovery does not include:

- Breakdowns of caravans, trailers or other objects being towed. If Your Vehicle suffers a Breakdown We will recover any caravan, trailer or other object which has not broken down and which was being towed by the Vehicle at the time of Breakdown, subject to the terms of Škoda Roadside Assistance including the length restrictions.
- A second Recovery if:
 - a) the original issue has not been repaired properly by a party other than Škoda Roadside Assistance;
 - b) Škoda Roadside Assistance have advised You that it is a temporary repair; or
 - c) the desired destination cannot accept the Vehicle due to company opening hours or other restrictions.

If a second Recovery is required, this service can be provided but a charge will be made dependent on the service required, time of day and distance.

These charges will be payable by credit/debit card prior to the relevant service being provided.

 Use of the services having the object or effect of avoiding repair costs. For example if a Vehicle can be repaired in a reasonable time We may not arrange recovery but arrange for repair instead.

- Accident Management will only be provided following Your involvement in an Accident in the United Kingdom (please note that restrictions on certain services may apply in Northern Ireland).
- 3. We can stop providing You with Accident Management at any time if We reasonably believe (at Our discretion) that the service You are requesting goes beyond the scope of Accident Management or will cause Us to incur unreasonable costs on Your behalf (for example, if any claim is disputed by Your insurers, We will not be obliged to assist You in pursuing the claim). This will not affect any other aspect of Škoda Roadside Assistance.
- 4. Any contract for goods or services We obtain on Your behalf will be between You and the third party supplier (unless We notify You otherwise). We will not be responsible for the terms of any agreement with a third party supplier, or for the implications to You of entering into a contract on those terms. You should therefore check the terms of any such agreement carefully, to ensure that You are happy with them.
- 5. There may be additional charges for goods or services We arrange on Your behalf including, but not limited to, services such as the sourcing of car hire or car repair. You will be notified of any additional charges (either by Us or the third party supplier) before You are obliged to enter into any contracts with any third party suppliers.

Service whilst abroad

A **Vehicle** is only eligible to receive this aspect of Škoda Roadside Assistance if it is being used for a journey and returning to the **United Kingdom** within the **Period of Eligibility**. Any number of journeys up to 90 days each in duration are eligible for Škoda Roadside Assistance, but longer stays are not. Škoda Roadside Assistance provided in respect of **Breakdowns** occurring in the European Territories is subject to a maximum total benefit of £2,500 per claim. In the event of a **Breakdown**, **We** will procure for the following, subject to the limitations for each section.

In addition, We may in Our absolute discretion procure a contribution towards the cost of self-drive hire car including collision damage waiver and replacement Green Card as necessary, to complete the planned journey if Škoda Roadside Assistance confirms the Vehicle cannot be repaired within 24 hours, this is subject to a maximum contribution of £750.

Service whilst abroad

Škoda Roadside Assistance is available for:

- Attendance of local **Breakdown** or garage services to repair the **Vehicle** at the roadside if possible; or
- Tow of the Vehicle from the place of Breakdown or, in Our absolute discretion, Accident to the nearest local repairer where You may arrange repairs;
- Storage charges for the Vehicle while awaiting repair or repatriation up to £100 (this is provided in Our absolute discretion); and

Škoda Roadside Assistance is not available for:

- Any labour costs other than those incurred at the roadside. We will not pay labour costs at any garage to which the Vehicle is taken; or
- Repair costs, including labour, if the Vehicle was in a road traffic Accident, damaged by fire or stolen or is considered uneconomical to repair; or
- The cost of parts used for roadside or garage repairs; or
- The cost of any repairs not directly necessary to enable the Vehicle to continue the journey on the date of the Breakdown; or
- The cost of any other supplies, including but not limited to Specialist Equipment.

If the Volkswagen Group European Roadside
Assistance centre can confirm that repairs to the
Vehicle will take more than 12 hours of being
notified of a Breakdown, or if it is to be repatriated
to the United Kingdom then Škoda Roadside
Assistance may in Our absolute discretion provide
for either:

a) Additional accommodation expenses

A contribution of up to £60 per person per day towards necessary additional (not alternative) accommodation expenses (room only) while **You** wait for the **Vehicle**. Škoda Roadside Assistance is not available for the costs of meals, drinks or any other costs that are not specified on the previous page.

Or

b) Journey continuation or return Home

A contribution (subject to the limits set out in these Terms and Conditions) to travel expenses to allow **You** to either:

- Continue the planned journey during the period the Vehicle is not roadworthy; or

Expenses can comprise self-drive car hire up to a maximum of £750 including collision damage waiver and replacement Green Card as necessary, or second/standard class rail, or a combination of both. This benefit may also be available, in Our absolute discretion, if the Vehicle is stolen and not recovered within 24 hours of reporting the matter to the police. A police report must be obtained. However, this benefit will cease if and when the Vehicle is recovered in a roadworthy condition.

Škoda Roadside Assistance is not available for:

- Fuel, oil, personal insurance, any collection charge if a hire car is left at a different location to that arranged or any other costs in connection with self-drive hire car.
- The cost of any car hire beyond the period agreed with the Volkswagen Group European Roadside Assistance centre.
- Any car hire expenses after the Vehicle is repaired except for the direct journey to return and collect it.
- First class rail fares.
- Any costs under this benefit if they are for a service **You** used at the same time as the previous section 'Additional accommodation expenses'.
- International drop charges where a vehicle hired from abroad is dropped within the United Kingdom.
- The costs of hiring a motorcycle.
- Any hire costs not arranged through Škoda Roadside Assistance or agreed by Škoda Roadside Assistance.

If Škoda Roadside Assistance can confirm that repairs cannot be completed by **Your** planned return date to the **United Kingdom** and providing the cost of repatriation is not uneconomical. (Repatriation will be uneconomical if it will cost more than the **United Kingdom** market value of **Your Vehicle** according to Glass's guide or other appropriate industry standard used by Škoda Roadside Assistance).

Škoda Roadside Assistance may in Our absolute discretion either:

a) Vehicle repatriation to the United Kingdom
Arrange and cover the cost of taking the Vehicle
by a road transporter from abroad to Your
Home or chosen United Kingdom repairer for
repair in the United Kingdom. When repatriation
is authorised it normally takes 10-14 working days
for delivery to a United Kingdom address
from most west European countries. At busy times
and from east European countries it may
take longer.

If the **Vehicle** has been fitted with a roof box or bicycle rack, **You** must remove and place it inside the **Vehicle**. The roof box keys need to be left with the **Vehicle** keys.

Škoda Roadside Assistance is not available for:

- Any repatriation not authorised by the Volkswagen Group European Roadside Assistance centre
- Repatriation if this is uneconomical. Repatriation will be uneconomical if it will cost more than the United Kingdom market value of the Vehicle according to Glass's guide or other appropriate industry standard used by Us.
- The cost of repatriation if the Vehicle is roadworthy.
- Any Vehicle being repatriated if Customs in any country find its contents are breaking the law.
- Any further costs in connection with the Vehicle once declared a write-off by Us.

Or

- Up to £60 per night for single room hotel accommodation necessary to complete the round trip – limited to room only.

4 Škoda Roadside Assistance Handbook Škoda Roadside Assistance Handbook

Škoda Roadside Assistance is not available for:

- First class rail fares.
- The cost of any meals and drinks.
- The costs of more than one person.

Note: the Volkswagen Group European Roadside Assistance centre will decide whether Your Vehicle should be repaired abroad for You (or someone nominated by You) to return and collect. When You are advised the Vehicle is repaired and ready for collection, You must immediately notify Škoda Roadside Assistance by telephoning:

Škoda European Roadside Assistance 24 hour helpline: **00 800 1330 3939.**

Authority for repatriation or repair

If the **Vehicle** is not able to be driven due to a road traffic **Accident**, fire, break-in or theft, any damage which **You** are entitled to have repaired by **Your** motor insurers must be reported to them immediately. **Your** insurers must decide whether to declare the **Vehicle** as a write-off, authorise repair abroad or have the **Vehicle** repatriated. **We** cannot repatriate the **Vehicle** unless **Your** insurers first give their permission. Any repatriation after an **Accident** is at **Our** absolute discretion.

Škoda Roadside Assistance also reserve the right to negotiate with them to reclaim costs incurred. If **Your** insurers cannot or do not give permission to repatriate then it is Škoda Roadside Assistance's decision alone whether to declare the **Vehicle** as a write-off, or repatriate or repair locally a **Vehicle** which cannot be driven as a result of a **Breakdown**, or as a result of a road traffic **Accident**, fire or theft, for which **You** do not have fully comprehensive cover.

Additional services

We may in **Our** absolute discretion provide the following if applicable:

Urgent message relay service

We may in Our absolute discretion relay urgent messages from the Volkswagen Group European Roadside Assistance centre to Your immediate relatives or close business associates if the Vehicle cannot be driven because of Breakdown, Accident or fire or it is stolen.

Škoda Roadside Assistance does not provide assistance with:

- Non urgent messages or messages to persons not described in the previous paragraph.
- The cost of relaying any urgent message not arranged through the Volkswagen Group European Roadside Assistance centre.

Replacement driver

We may in Our absolute discretion arrange and cover the costs of a replacement driver to drive the Vehicle and Your Party to Your destination or Home, if a registered doctor declares You medically unfit to drive and You are the only qualified driver.

A replacement driver will not be arranged if there is another qualified driver in **The Party** who is fit to drive. Replacement drivers are limited to one per journey abroad.

Requirements and limitations

A. Service in the United Kingdom and abroad Credit card details

Škoda Roadside Assistance will require **Your** credit card details if Škoda Roadside Assistance arrange a service for **You** which is not covered by, or exceeds, any levels specified in the part entitled 'Terms and Conditions'. If **You** do not provide Škoda Roadside Assistance with **Your** credit card details Škoda Roadside Assistance will not be able to provide certain services which will be notified to **You** when credit card details are requested.

Caravans and trailers

The Vehicle restrictions apply equally to caravans and trailers except that the maximum length of trailers and/or caravans must not exceed 7m. If the Vehicle which has suffered a Breakdown is towing a caravan or trailer and We provide recovery, the caravan or trailer will be recovered together with the **Vehicle** to a single destination. Other than as set out in this paragraph caravans and trailers are not eligible to receive Škoda Roadside Assistance. We do Our best to find solutions to motoring problems, but We regret We cannot arrange a replacement caravan or trailer in the event of Breakdown or, in Our absolute discretion, Accident damage which cannot be repaired. It is also virtually impossible to hire vehicles with tow bars and it may become necessary to repatriate a caravan or trailer together with a towing vehicle which cannot be repaired abroad by the return date.

Unforeseeable losses or events

Except in relation to any claim You may have for death or personal injury or for fraud or fraudulent misrepresentation, neither We nor Our **Contractors** will be liable for any increased costs or expenses or any loss, damage, cost or expense incurred as a result of, or in connection with, Škoda Roadside Assistance that is not reasonably foreseeable, including loss of profit, business, contracts, revenue or anticipated savings, or for any business losses. We do not guarantee the provision of any of the benefits under this document, if there is anything beyond Our reasonable control (for example storm, flood, severe weather, severe road traffic congestion, natural disaster, terrorist attack, war, strikes) or the reasonable control of any service provider which prevents **Us** or a service provider from providing that benefit. Where such an event occurs, Our obligations under Škoda Roadside Assistance will be suspended and the time for performance of Our obligations will be extended for the duration of the event outside Our control. Benefits may be refused if You or any of Your Party behaves in a threatening or abusive way to any persons providing service.

Taxi bookings

In some circumstances it can be quicker and easier for **You** to arrange a taxi. **We** may ask **You** to make **Your** own arrangements for taxi service. If so please send **Your** receipts to **Us** and **We** will reimburse **You** subject to these Terms and Conditions, in particular the limits set out in the 'Onward Travel' and 'Service Whilst Abroad' sections.

Contractors

Škoda Roadside Assistance is provided by Volkswagen Group United Kingdom Limited. We reserve the right to change any Contractor (including the AA) in Our sole discretion from time to time.

Please note: Our Contractors provide services to Us and to drivers of Vehicles on Our behalf.

Nothing in the Terms and Conditions creates a direct contract between You and Our Contractors.

B. Service in the United Kingdom only Battery related issues

We may in **Our** absolute discretion provide the following benefits:

- Initial attendance for a battery related issue.
- The fitting of any parts or batteries purchased by You prior to Our attendance is not covered.
 This is to ensure that parts are fitted from reputable sources in order to avoid secondary call outs.
- Škoda Roadside Assistance will test Your battery at that initial Breakdown attendance.
 If the battery is no longer serviceable and so fails the test You will be advised to replace it.

C. Service abroad only Motor insurance

We strongly recommend You tell Your motor insurers before taking the Vehicle abroad. If You do not, Your motor insurance policy may only cover You for damage You might cause to other people or their property (third party cover). This means that You would not be covered for any loss or damage to the Vehicle. Your insurers will also need to know if You are towing a caravan or trailer.

Service providers

Unless the services are provided by Škoda Roadside Assistance patrols or **Contractors** acting on **Our** instructions and on **Our** behalf, **We** do not give any quarantee as to the services provided by:

- garages,
- breakdown/recovery companies,
- repairers,
- car hire companies and
- other third party service providers whose emergency services We arrange on Your behalf and/or pay for under European Motoring Assistance.

Such entities do not act as **Our** agents or subcontractors and **We** do not accept responsibility for their acts or omissions. **You** should check that any repairs to **Your Vehicle** are carried out to **Your** reasonable satisfaction.

Important self-drive hire car information

Škoda Roadside Assistance will normally try to arrange a hire car similar in seating capacity and volume to, but not necessarily the same as, the **Vehicle**, if there is one available. If **You** were travelling in an MPV or similar **Vehicle**, Škoda Roadside Assistance may arrange two hire cars. Škoda Roadside Assistance will only arrange this if there are two qualified drivers in **Your Party**. Otherwise, Škoda Roadside Assistance will arrange alternative means of transport.

Škoda Roadside Assistance Handbook

Self-drive car hire arranged will be subject to the normal conditions of the hiring company. You will be required to enter in to a vehicle hire contract with the relevant hire car provider, and such contract will be between You and the relevant hire car provider. Hire car providers do not act as Our contractors.

The terms of such contracts will generally include limitations on driver age, driving convictions and other licence penalties etc. The driver must also have held a full **United Kingdom** driving licence or equivalent for a minimum of one year (two years for France).

Your credit card details will also be required as security for the hire and to cover extras such as top-up of the fuel tank when returning the vehicle. Car hire companies insist on having credit card details at the time of booking and the card must e produced at the time of hiring the car. The name on the credit card and the name of the driver of the hire vehicle must be the same. If You leave a hire car at a different location to the one arranged by the Škoda Roadside Assistance contact centre You must pay any collection charge which may be made.

Please note that many car hire companies across Europe charge a damage excess which is not covered by the collision damage waiver. In some parts of Europe hire cars are not allowed to cross national borders. It may be necessary to arrange two hires or alternative transport to complete **Your** journey. A car hired abroad must not be brought into the **United Kingdom**. It cannot be guaranteed that a hire car will be available.

Škoda Roadside Assistance cannot arrange the hire of motorised caravans, motorcycles, convertibles or vehicles with tow bar, roof rack, roof boxes, automatic gearbox, sports cars, 4x4 or luxury class vehicles and cannot guarantee the hire of minibuses or vans. Škoda Roadside Assistance will not be responsible for any delays in obtaining a hired vehicle and cannot guarantee to provide it in time to connect with **Your** prebooked ferry, etc. **You** may have to collect a hired vehicle from the nearest available place of supply.

Repayment of credit

You must pay back to Us on demand:

- a) any costs We have paid for which do not form part of Škoda Roadside Assistance as described in this document;
- b) the cost of any spare parts supplied.

Spares dispatch

After **You** have asked the Volkswagen Group European Roadside Assistance centre to dispatch parts **You** are responsible for paying for them in full, even if **You** later obtain them locally.

We will arrange the dispatch of parts as quickly as possible but delays will occur at weekends and bank holidays. We will not be responsible for manufacturers' or suppliers' errors, loss or damage of parts in transit or any delay in delivery.

Exclusions

(Service in the United Kingdom and abroad)

Please note: Our Contractors provide services to Us and to drivers of Vehicles on Our behalf.

Nothing in these Terms and Conditions creates a direct contract between **You** and **Our Contractors**.

In addition to any limits and exclusions noted elsewhere Škoda Roadside Assistance does not provide assistance in respect of, and neither **We** nor **Our Contractors** are responsible for the following:

- 6. Routine servicing of Your Vehicle.

European claims procedure and conditions

When providing assistance **We** make every effort to arrange on **Your** behalf all costs within the limits set out in this document. However, in some instances **You** may be asked to pay locally and reclaim costs on **Your** return to the **United Kingdom**. There may also be occasions when **You** arrange and pay for assistance direct and wish to reclaim the cost. Any costs to be reclaimed must be agreed in advance and up to the limits as set out in these Terms and Conditions.
